FRANCHISE INFORMATION SUMMARY

A BRIEF OVERVIEW OF MOUNTAIN MIKE'S
FRANCHISE OPPORTUNITY

BUILT ON SIMPLE INGREDIENTS

Since 1978, the success of Mountain Mike's Pizza has been built on these simple ingredients:

**GREAT FOOD. GREAT
EXPERIENCES
FOR FAMILY AND
COMMUNITY,
AND STRONG
FRANCHISEE
SATISFACTION.**

As a result, Mountain Mike's has grown from a beloved consumer brand to an award-winning franchise investment opportunity with available territories across the United States.

Mountain Mike's can best be described as a national chain of local pizzerias, combining the best menu and branding with strong local community ties. We bring families, sports fans and communities together to dine, to share and to celebrate. We believe good pizza is a celebratory product. And our guests come because they love a good pizza and want to share the experience with others, either at home (carry out or delivery) or in the restaurants (fast casual dine-in).

UNIQUE BRAND POSITIONING

MOUNTAIN MIKE'S IS AN AFFORDABLE LUXURY: A PREMIUM PRODUCT AT A FAIR PRICE POINT.

The 4 largest pizza brands (Little Caesars, Dominos, Pizza Hut, and Papa John's) represent 50% of the \$50B pizza market, and all 4 compete on price and deep discounting. The remaining market (local pizzerias and small chains) represent over \$20B and compete on product quality and overall customer experience. Mountain Mike's is one of the largest and most successful chains in the country operating within the highly fragmented, higher quality, local pizzeria space.

MOUNTAIN MIKE'S PIZZA IS ONE OF THE HIGHEST VOLUME AND MOST SUCCESSFUL CHAINS IN THE \$20B+ LOCAL PIZZERIA SEGMENT.

THE LEADERSHIP TEAM

Our leadership has the franchise experience and the dedication to franchisee support that are propelling our brand forward

CHRIS BRITT

Mountain Mike's Principal Owner and Co-Chairman

A California native who grew up in Orange County, Chris Britt and his college friend Ed St. Geme got together and acquired Mountain Mike's in 2017. Today they helm the company as Co-Owners and Co-Chairman, driving a renewed focus on sales growth for existing locations and new unit growth that led the company to surpass its 200-unit milestone and double its new-unit growth pace in 2018. Before acquiring Mountain Mike's, Britt was owner a well-established private investment firm that owned more than 50 businesses over a 20+ year period, including such retail and restaurant leaders such as Boot Barn, Fire Grill LLC, a 43-unit Burger King chain, and Signature Theaters, which grew to become the 12th largest movie theater chain in the country before it was sold to Regal Cinemas. Britt is also the co-owner of Juice It Up!, a Southern California-based franchisor of smoothies, acai bowls and juices with close to 100 locations in the Western U.S.

ED ST. GEME

Mountain Mike's Principal Owner and Co-Chairman

Born and raised in L.A. County, Ed St. Geme met Chris Britt while the two attended Stanford University, where they often enjoyed eating at the inaugural Mountain Mike's in Palo Alto, CA. Like Britt, St. Geme went into private capital management. His firm Jupiter Holdings LLC also was a co-owner of Fire Grill LLC, a 43-unit Burger King chain. Along with Britt, St. Geme is also a co-owner of Juice It Up!, a Southern California-based leading raw juice and smoothie franchise. Today St. Geme and Britt share the role of Co-Chairs as they work to add about 20 units a year with a goal of growing the chain by 100 units by 2025.
